Here is the draft fine NRRB response.
Should I call to inquire?

Privileged and Confidential Attorney Client Communication/Work Product

Could I suggest the following change to the PTW language?

Currently appears as follows:

Ex. 5 - Deliberative Process; atty-cl comm

Area. Although the engineering and sediment transport modeling work done as part of the FFS has determined that the sediment, despite its toxicity, under current conditions, can be reliably contained, the Region will nevertheless reflect in the decision documents that it considers the most highly contaminated sediments to be principal threat wastes at the site.

You had wanted to review the NRRB response for consistency with the Proposed Plan. Attached are both.

I did NOT incorporate **Ex. 5 - Deliberative Process**
Recommendation (sent by e-mail on Mon 4/7) – let me know if we should discuss.
